PROFILE SUMMARY

Aspiring **Software Development Engineer** with strong proficiency in **Java, Data Structures & Algorithms, OOPs, DBMS, and full-stack web development**. Experienced in building real-world applications using **React, Node.js, and MongoDB**, with a focus on **performance, scalability, and clean architecture**. Actively strengthening problem-solving skills through consistent algorithmic practice

EDUCATION

IPU University, Dr. Akhilesh Das Gupta Institute of Professional Studies

Bachelor of technology (Btech)

CGPA: 8.86

Class 12th

Govt. Co-ed. Sr. Sec. School, Dwarka Sec 22

Percentage: 92%

SKILLS

Programming Languages: Java, C++

Core Computer Science: Data Structures & Algorithms, Object-Oriented Programming (OOPs), DBMS, SQL

Web Development: React.js, Node.js, Express.js, JavaScript, HTML, CSS

Databases: MongoDB, MySQL

Tools: Git, VS Code, Postman

PROJECT

Responsive Portfolio

- Built a responsive portfolio website to showcase personal projects using HTML, CSS, and JavaScript.
- Focused on clean UI design, cross-device compatibility, and reusable components.

Hands-on Projects

- Calculator – Developed a functional calculator handling arithmetic operations.
- Number Guessing Game – Implemented random number generation and interactive feedback loop.
- Light Switcher – Built a simple toggle-based UI project to demonstrate event handling.

DOM and React Projects

- Demonstrated DOM manipulation and event-driven design through multiple mini-projects.
- Created a React Navbar project leveraging hooks for state management and component reusability

EXPERIENCE

Web Development Intern – CodSoft

- Developed responsive and reusable UI components using HTML, CSS, and JavaScript, following mobile-first design principles
- Enhanced UI consistency and code reusability across multiple pages by modularizing components
- Collaborated in a remote team environment, utilizing Git for version control and code collaboration

ACHIEVEMENTS

- Solved 200+ DSA problems on LeetCode focusing on arrays, strings, recursion, trees, and hashing
